MESSAGE FROM THE PRINCIPAL

Prof. Manoj Kumar Khanna
Principal

Founded in 1917, Ramjas College is one of the first three colleges established under the University of Delhi. Located in the Northern Ridge of the Aravalli Mountain range in Delhi, the institution is gifted with a spacious campus, state-of-the-art infrastructure, dedicated faculty and non-teaching staff marching together towards integrating the principles, values and practices of sustainable development into all aspects of teaching and learning. The college provides diverse forms of opportunities to students through various clubs and societies in order to enhance their knowledge and skills, reach excellence in different fields, and achieve all-round development. It has adequate facilities supported by advanced technology which makes it a premier institute for learning.

The college library has over 1,50,000 titles which are all bar-coded making the process of issue and return of books efficient. The computerized cataloguing of the books further helps in locating the books and their availability. Classrooms with LCD projectors, Science and Computer labs equipped with latest facilities enable students to gain hands-on experience and develop practical approaches. Besides, the green campus also houses hostels for boys and girls, an auditorium with modern facilities, sport grounds, a gymnasium, a canteen, a stationary shop with photocopy facility and other amenities.

Students' Welfare Committee looks after the efficient functioning of the mechanism for providing financial support to needy students in order to meet their college fee. It also ensures for the nutritious food served by the college canteen and maintenance of sanitary facilities in the campus. The college manages and disseminates information through the web-based Students Information System (SIS) which also helps in maintaining the record of classes, courses, time-table, assignments, projects, attendance, events, etc. facilitating an efficient work environment. The Ramjas Team comprising the students, teachers and other staff members works together towards achieving sustainable development with the focus on reclaiming the green through planting of trees, water harvesting, optimum use of solar power, use of recycled waste materials and other such measures.

The Enabling Unit of Ramjas College provides an adequate platform to the students with disabilities (PwD category students) to voice for their social protection and educational requirements. It aims at ensuring solutions to the problems faced by such students and organizes lectures, seminars and other events in order to create awareness in society and develop an integrative social approach.

The Gender Forum and the Women Development Cell actively works for its objective to empower women. With a strong commitment to gender equality their activities are planned in order to promote awareness among students and staff in the same regard. Ramjas College is the first co-educational college of Delhi University which has the distinction of opening its hostel doors also for the girl residents in the year 2005.

The School of Foreign Languages functioning at Ramjas College since 2003 provides opportunities to students for acquiring skills in multiple languages. This enhances their knowledge adding on to the level of cultural interaction and opening up newer avenues of professional engagements.

DBT Star College Project, sanctioned to Ramjas College by the Department of Biotechnology (DBT), Government of India in 2011, has been designed to upgrade the practical skills of undergraduate students and develop critical thinking through hands-on approach.

The Placement Cell organizes training programmes and skill development workshops for students to enhance their abilities. The Cell reaches out to the corporate world for facilitating the best placement for undergraduate students. Over the years our students have been placed in various reputed organizations including McKinsey, D.E Shaw, Deloitte, American Express, RSA Actuarial Services, Genpact, KMPG, Government organizations etc.

Echoing the spirit of 'Health is Wealth', the Wellness and Counselling Unit of the college organizes lectures, discussions, seminars and workshops throughout the year. It plays an active role in guiding students towards their future with a positive approach. The Department of Physical Education with its motto 'Sports for All' encourages the mass participation of students in various sports events

organized round the year. Over the years, our students have brought laurels to the college by their commendable performances in competitions and bagging prizes at international, national, state and university levels.

The North-East Cell of Ramjas College makes its lively presence felt through a series of events including talks, discussions, food festivals, painting competitions, musical programmes, etc. that highlight the tradition and practices of the region and promotes cultural integration. Departments of various disciplines with their own academic and cultural societies organize programmes all year round. The college has vibrant Music and Dance Society, Debating Society, Photography and Film Society, Quiz Society, Theatre Society, Literary Society and Fine Arts Society which altogether facilitate the confluence of literary and cultural attributes.

The National Service Scheme (NSS) organizes programmes including social and community service. This voluntary association of students helps in establishing campus-community linkages with focus on rural development. The NSS volunteers also play an active role in rescue operations during a disaster or calamity. Under the Unnat Bharat Abhiyan launched by the Govt. of India with a mission for rural transformation, Ramjas College has very recently adopted five villages in the neighborhood of Delhi. The college under its plan of extension activities is going to mentor a government postgraduate college in Pithoragarh (Uttarakhand).

The National Cadet Corps (NCC) wing for female students at the college is a recent addition. This would help in grooming the girl cadets to become disciplined and patriotic citizens of the nation.

Ramjas UPSC Wing of the college organizes lectures and discussions by inviting experts in the field of administration, management, research and training. The college alumni, who are now a part of the administrative system of the country, also grace such occasions and share their experience that motivates and guides our students to realize their goals. The college also maintains the channels of communication that connect the students presently at the college to those who have passed out from the college. This interaction with the alumni community and student fraternity creates a healthy ongoing exchange of ideas.

The Ramjas Model United Nations Society strives to empower the youth segment of society by providing them a platform for public speaking and helping them in different ways to make them aware citizens of the country. Enactus Ramjas is a social entrepreneurship organization run by a group of spirited students of the college who seek the socio-economic upliftment of the deprived section of society. This contributes to the measures for transformation at various levels. Finance and Investment Society is a recently formed society in the college. Since the year 2018, the society has engaged itself with a focus on creating greater financial literacy among students and providing a

platform to encourage discussions on pertinent issues about investments, business and the economy. The noteworthy activities of this forum have drawn the attention of finance enthusiasts in academic circles across India.

Ramjas College Magazine, named *Anand Parvat* after the place in Delhi where the foundation stone of the college was laid by Mahatma Gandhi in 1917, reflects the support provided by the institution for academic and literary activities. In continuation with our memorable journey, I on behalf of Ramjas fraternity invite suggestions from all stakeholders in order to carry forward the glorious tradition of this reputed institution.

Ramjas College welcomes its fresh entrants with the warmth of a family and leads them on to gradually gain independence of thought, a keen sense of inquiry and a search for wisdom. We hope that by the time our students leave the gates of this institution they are enriched not just with factual and theoretical knowledge but also with the confidence of fearlessly walking down the path of truth. The college and the college faculty too, in turn, continue to learn from students. We have tried to evolve with the inputs every batch of students brings to us by renewing and renovating programmes connected with academics, extracurricular, sports, and NSS.

On behalf of the whole college, I welcome all our students to another year of meaningful activity and experience that would lead to an enhancement of energy, talent and capability.

SUPPORT SERVICES FOR STUDENTS

STUDENT INFORMATION SERVICES (SIS)

The student information services (SIS) system is an important innovation introduced in the college to facilitate better management of information and data relating to academics and general administration. It is accessible through the college website www.ramjas.du.ac.in. Whereas the website carries a host of information on the college, the login option for SIS is restricted to students, staff and the administration of the college. The system is web based and accessible at any location through the Internet.

All academic and administrative data relating to students are uploaded, stored, processed and retrieved through the dedicated software that runs SIS. From tutorial management to term wise attendance, from midterm marks to assignment grades, from backend reports to all important information (like syllabus, important dates, etc.), SIS is primary driver for information management in Ramjas. SIS ensures total transparency and ease of information sharing. Students are actively encouraged to use SIS on a regular basis.

The SIS system allowed the college to run its teaching learning activities smoothly during the lockdown period. The college has also procured the facility of GSuite account of Google, as well as Teams account with Microsoft Teams for an efficient online teaching and learning activities. The college also organized various webinars, workshops, and other activities during the pandemic period, to ensure that all-round development of students do not get hampered during the pandemic.

PLACEMENT CELL

At Ramjas College, we always strive to create an environment in which each individual is encouraged to step beyond the confines of the academic and administrative disciplines to explore newer vistas. Our placement cell was conceptualized and initiated taking into consideration the desire of the students to utilize the education and vocational training that they received within the campus in the business environment. The placement cell serves as an interface between the students and the corporate world. Apart from bringing various companies to the campus, the placement cell also organizes talks, study abroad seminars, internship opportunities, and workshops for the collective student body. College has its in-built placement portal with an aim to facilitate the recruitment procedure for the students of the institute. The placement portal is fully automated, thus creating an environment which eradicates the tiresome labor-intensive work. It has different labels ranging from placement registrations to company details and status for the students and a separate

admin portal for the institute and the Placement Cell. Though during the pandemic, offers released by the recruiters took a toll, yet the highest salary offered during the pandemic was 10 LPA.

STUDENT ACTIVITY CENTRE

The College has built a specially designed Student Activity Centre where the students of the College can congregate to conduct meetings, discussions and functions regarding academic, cultural, political and other creative activities and also conduct the business of clubs and societies. The extra-curricular activities committee (ECAC) has a dedicated area within the Centre for the conduct of its activities. 3. Calculation of Program-Specific merit score

In Phase-II, the Candidates will have to map the subjects studied by them in Class XII to those in which they have appeared in CUET-2023. Only those subjects will be considered in which the candidate has passed his/her Class XII board exam. In case the subject studied in Class XII was not a part of CUET, the subject similar or closer to the subject studied in Class XII will be considered. It will be sole responsibility of the candidate to provide correct subject-mapping.

For admission, the University of Delhi will consider subject-based "Normalised Score" provided by NTA for calculating the Program-Group merit scores. The candidates will be able to see their Program-Specific CUET score, based on the Normalized score, for all the Programs in which they are eligible for. These Program-Specific CUET scores will be auto-calculated and displayed on the dashboard of the candidates.

4. Advise for filling the Preferences.

In the section of "Preference Selection", the candidate will be able to select and order his/her preferences. The "Available Preferences" tab will display all the possible Program + College combinations the candidate may choose from. In addition, the candidate can use the "Advanced Filter" option available at the top to filter the Colleges as well as the Programs. The candidate will have to choose and order the preferences as per his/her choice. The order of selection will also determine the preference order. The candidate can use "Top, Bottom and Preference Number" icons to reorder their preferences. The final order of preferences, as filled and saved, will then be reflected in the "Selected Preferences" tab. Once satisfied with the preference order, the candidate must "Save Changes" to submit his/her preferences.

Preferences saved by the candidates will determine the allocation and admission of the candidates. It is advisable to choose maximum number of preferences in which a candidate is willing to take admission, if offered. Addition/deletion/editing the Programs and the Colleges after the deadline for the Phase-II **will NOT be allowed.**
