Please rate your overall	Will you attend similar	Did you face any technical	Is there any suggestion
Improved a lot	Yes	No	Overall good but presentation
Improved a lot	Yes	No	More such webinars should be
Improved a lot	Yes	No	Can include people from different
Improved a lot	Yes	No	It was organized very well
Improved a lot	Yes	None	It was a great learning experience
Improved a lot	Yes	From my side like bit	These type of lectures are
Improved a lot	Yes	No	Very good informative
Improved a lot	Yes	No	Good
Improved a lot	Yes	No	No
Improved a lot	Yes	No	Good session
Improved a lot	Yes	No	No
Improved a lot	Yes	No	Very informative
Improved a lot	Yes	No	Keep organising such initiatives
Improved a lot	Yes	NOPE	NA
Improved a lot	Yes	No	Very informative webinar
I already had sufficient	Maybe	No	Good to have such sessions
Improved a lot	Yes	Yes, in the end I was	Nice session. Thank you
Improved a lot	Yes	No	The session was wonderful
Improved a lot	Yes	No	NA
Improved a lot	Maybe	No	That's one session is very
Improved a lot	Yes	No	All were very well organized
Improved a lot	Yes	No.	NA
Improved a lot	Yes	No	Webinar was good
I already had sufficient	Maybe	No	Not as such
Improved a lot	Yes	No.	None.
Improved a lot	Yes	No	Thanks a lot to organizers
Improved a lot	Yes	No	No
Improved a lot	Maybe		No
I already had sufficient	Yes	No	No
Improved a lot	Yes	No	Noit was a wonderful
Improved a lot	Yes	No	Such webinars should be

that you would like give for improving the webinar or the learning experience through it?
ntation may be used
ould be organized regularly
n diverse backgrounds
vell and the topic was quite relevant in this tiring time.
experience.
should be conducted from time to time it enlighten us a lot and enrich our knowledge.
session.

nformative webinar

ar
inars
u.
erful

ery wonderful and informative.
nised

ers for an excellent and highly informative webinar.

il session.
oe often conducted.

Issues

Prof. Kaul

1. Supply of vaccines is imp: manufacturing: R&D
2. Low income countries: Lacking behind
3. Vaccines have been developed, but supply is limited
4. Problem is at both ends: Manufacturing as well as supply management
5. Global level efforts are required for this
6. Disparities among the countries, need cooperative efforts
7. Two problems:
 - a. Regulation problems: IPR, TRIPS waiver is an important issue
 - b. Diplomacy: Hoarding, nationalization of vaccines
 - c. Geopolitics of vaccine
8. Pandemics are not new: Transfer knowledge by humans, Capabilities of human beings
9. Public Health is important
10. Lives and livelihood, both have been affected
11. Gain to the world ecy will be huge with vaccination
12. Humanity calls: Give importance to humanity and not geopolitical issues
13. Who are the players: All nation states are players
14. WTO is also important: Trips as well
15. GAVI: Global Alliance for Vaccination
16. CEPI: COlliations for epidemic....
17. COVAX: Largest portfolio of vaccine
18. NGOs and Research institutes are contributing to the cause

Geopolitics:

1. Use of strategies to get economic and political gain
2. Strategic asset: AS imporant as nuclear weapon
3. India has largest vaccine development startegies
4. Biofare, Bio terrorism
5. Soft Diplomacy is there
6. EU, USA, China... all using influence
7. Belt road initiative: BRI project
8. Giving vaccine to their members only: Giving favours, if you give favours
9. Middle east and America
10. Paraguay: Tie up with favours
11. Give and take situations
12. Trade issues: TRIPS
13. Trips waiver
14. For temporary period, can have Trip waivers
15. Proposals were shared by EU as well
16. Compulsory licenses, rather than trip waiver
17. Swadeshi Jagran Munch : Coronil

18. Increase Awareness
19. Even if one member says no, then entire waiver will go off.
20. Thus, pressure should be there.
21. Vaccine Value chain: Manu, distributing, etc: all issues are coming up
22. Vaccine production capacity is huge in INdia
23. Effective communication strategy is required: hesitation has to be removed
24. Health has become a priority

Prof. Rustagi

1. Virus is mutating very fast.
2. When new mutants are coming, then we don't know how whether the vaccines will be affected for these variants or not.
3. If dangerous variant come up, then it will be a big problem.
4. Humanity for cause and vaccine for all
5. More related to US
6. Huge sum of money is involved
7. Patent Protection: Advancement of knowledge, and not for individual company
8. What are the benefits to the society, that is more important
9. MRA tech...?
10. If virus mutates, then there own safety is at risk
11. World is one village
12. Technology transfers: restricted: Even workers were not allowed to migrate
13. Stealing of drawings from England
14. Is stealing of technology justified...???
15. Patent is the benefit for the society: Companies have been compensated enough through research grants
16. Cost of production of vaccine is almost 84% less in developing countries than in developed countries
17. Benefit is to you only, not just to other countries
18. Interests for both to support patent waiver in trips for both developed and developing countries
19. Donate vaccines
20. Access to vaccine
21. When you make noise, its heard...
22. We have to speak up
23. Speak up in the language in which they want to heard...!!!
24. Unity matters
25. Importance of: vaccines for everyone
