Dear Prof. Singh,

I am pleased to inform you that the Centre for the Environment, IIT Guwahati is organizing a conference on "**Bioeconomy 2023**", from 11-12th October 2023. The conference will deal with bioeconomy as a multidisciplinary domain ranging from policy and industry to contemporary and evolving societal issues while addressing the challenges and opportunities such as climate change, bioenergy, food, medicine, textiles, wastes, circular economy, pollution, novel bio-based industries, management of biodiversity in an economic and sustainable way. A successful transformation to a bioeconomy calls for facilitating an interplay of individual entrepreneurial activity, business ecosystems, governmental support and interventions. A strategic initiative to strengthen the traditional industry and developing new business with the empowered knowledge of bioeconomy is a call of the day.

Bioeconomy 2023 would provide a platform for an in-depth academic discourse to explore the transformative potential of entrepreneurship in driving bioeconomy and shaping our near future. In this conference, the participants will have an insight into the various thematic areas of bioeconomy such as Carbon Sequestration, Circular Economy, Eco-entrepreneurship, Net-Zero Development, Waste to Wealth, Ecosystem Services, Sustainable Landscaping, Livelihood Development, Medicine and Aromatic Plants, Bioenergy and Biofuel, And Food Systems etc.

I am glad to invite you to participate in this hybrid (both offline and online) conference on "**Bioeconomy 2023**", I also hereby request you to circulate this mail and the attached leaflet amongst your students, Research Scholars/Faculty, and Colleagues/Officers/Staffs of your Institution/Organization. You may also recommend participants from your group to attend this conference.

A digital certificate will be issued to each participant of the conference.

The details of this conference are available in the following links;
